

DST at the Congreso Internacional Minero Sonora 2024

From October 22 to 26, 2024, the 15th *Congreso Internacional Minero Sonora* was held in Hermosillo, Mexico. Our President and CEO, Jean-Philippe Mai, and our CFO, Arved Marin, attended this event, which is one of the most important mining congresses in Mexico.

Participating under the banner of MSTA Canada, in addition to their presence at the Canadian Pavilion, they had the opportunity to take part in various side events, such as a VIP networking cocktail party organized by Mexico Business.

Moreover, thanks to a selection made by the congress organizers, Mr. Mai had the opportunity to give a one-hour technical keynote lecture on October 23 on the following topic: “Application of innovative metallurgical processes for the mining industry”, giving DST excellent visibility.
